CONVERSATION

A: I'm not sure how to operate the washer and dryer.

B: What's the problem?

A: I need help turning them on.

B: You need to put in some change.

A: The machines take change?

B: Yes, it costs fifty cents for the washer and a dollar for the dryer.

A: How do I do it?

B: You put the coins into the slot, push it in, and it will turn on.

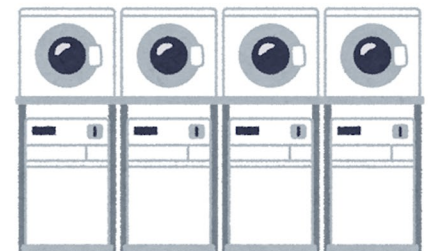

A: That's it?

B: There's nothing else to it.

A: Thank you very much!

B: You're welcome. Let me know if you need anything else.

IMPOSTER

Who is the imposter?

Follow the webpage to set up the game. Pass the device around to learn the secret number.

The number will match with the vocabulary above. (Ex: Secret Number is 3. "Oven" is the item.)

If you are the imposter, you will **not** know what the secret number is.

The teacher will ask questions about the item. Do your best to answer the questions correctly while not giving away what the item is. Once everyone has answered a question, vote on who you think the imposter is. If there is a tie, ask more questions and vote again.

BonusAt the end, have the imposter guess the item at the end of the game.
