

Unusual Sea Life

Eiken 2

2021 ③B

These days, scientists are interested in knowing more about creatures that live deep in the world's oceans. However, reaching areas that are deep in the ocean is very dangerous. Now, some scientists send robots to such areas, and by doing so they can learn about unusual sea life safely. These robots will probably become more and more useful in the future.

Your story should begin with this sentence

One day, Ken and his mother were talking in their living room.
