Unfortunately, since I was a student and I had to be careful with my money, I usually ended up (2) just looking. If, on the odd occasion, I did need to buy something, I had to (3) search for the best price and find the best deal. I have my first job now and don't live in London anymore. When I get the chance to go back, I usually (4) buy lots of things and (5) carry on shopping until I am exhausted. It's all very exciting but I (6) rush around and knock things over as I try to find what I'm looking for.
